# DAY IN YEAR 7 REFLECTION

Today, you have attended 3 classes from 3 different secondary school teachers. You had to download a timetable the day before and you also had to carry your bag around between classes.

After experiencing all of this, you need to complete the following reflection

1) Write a summary on each lesson you experienced. What was the lesson about? How did you find being in smaller classes? How did you find it being taught by a new teacher?

2) Write an overall summary on the structure of the day, from downloading documents to moving between classes

3) If you could change or add anything to the day, what would it be and why.
